

Hello ! I'm Bashar Oqilan

Web Developer

I'm a web designer with expertise to create and website design , Fronted design

About Me

My name is Bashar Aqilan and I am 24 years old. I live in Jordan – Amman. I studied at the Hashemite University and my specialty was computer engineering. I graduated in 2023. Then I worked in different companies and in different jobs. After that, I registered for a course at Orange and obtained a certificate in full stack design, and I look forward to working in the largest companies.
